SELECTMEN'S REPORT

The overall cost of operation for the town during fiscal 1969 exceeded expectations at the annual Town Meeting and were due largely to conditions beyond human control. The unusually heavy snowfalls cost the town a total of \$5,800.00 or one third of the yearly budget for the highways. Followed by a summer of unprecedented heavy rains which caused washouts and culvert failures brought about a large overdraft in that department.

Further unexpected expense was incurred when the roof of the town hall on Bridgewater Hill failed to carry the snowload. With a contingency fund of \$200.00 for such purposes an overdraft of \$1,176.98 resulted.

The deficit of 1968 increased from \$3,102.26 to \$7,503.11. However, due to an oversight the Selectmen did not ask for authority from the Town Meeting to transfer funds from the Capital Reserve Fund to the Town Treasurer for payment on the Highway Garage. This will reduce the total deficit to \$5,058.67. An article has been inserted in the warrant for this purpose.

At the 1969 Town Meeting the sum of \$1,000.00 was raised for the purchase of a new town truck. The Road Agent reported the old truck to be in reasonably good mechanical condition with some body work needed. This work was done by the Road Agent, including a paint job, for an expenditure of \$246.00 and has performed very well during the year. Eventually a new truck will be needed so the money has been carried forward to fiscal 1970. An article has been inserted in the warrant to place this appropriation and asks for a further appropriation to create a new Capital Reserve Fund for a new truck later on.

The Selectmen with the concurrence of the Highway Advisory Committee feel that certain conditions exist

on the town roads that should not continue any longer. The bridge over the Woodman brook at the foot of Hammond Hill is badly in need of a new deck. The section of road through the gully near the Plymouth Town Line must be widened in order to replace a badly needed protective railing, and the bridge at the foot of John Smith Hill must be replaced. Article No. 4 in the warrant is for this purpose.

Article No. 8 in the Town Warrant asks for an expenditure of \$500.00' for further repairs to the Town Hall on Bridgewater Hill. The specific purpose of this article is for a new concrete floor on the porch and repairs on the columns supporting the roof over the porch. The Selectmen are in some doubt as to the consensus of opinion on whether or not any further work should be done to the interior of the building. The Old Home Day Association has suggested that the interior of the building be left as is and not replace the ceiling.

Since the complete revaluation of the taxable property in 1967 it has been the policy of the Selectmen to continue with keeping assessed valuations proportionate with market or sound value. In order to continue with this program we find in the light of more recent sales data that certain areas of the town must be again reassessed. The Selectmen feel very certain at this time that in consideration of the increase in the total assessed valuation that the increases in appropriations asked for will not increase the tax in 1970.

In past years the town share in the tax rate has not increased in proportion with the school and county as shown in the following tabulation.

	School	Town	County	Total
1969	.98	.50	.22	1.70

STATE AUDIT

*Division of Municipal Accounting – State Tax Commission
Concord, New Hampshire*

SUMMARY OF FINDINGS & RECOMMENDATIONS

February 10, 1970

Board of Selectmen
Bridgewater, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Bridgewater for the fiscal year ended December 31, 1969, which was made by the Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agents and Trustees of Trust Funds.

Financial Statements

Comparative Balance Sheets:

December 31, 1968 — December 31, 1969: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1968 and December 31, 1969 are presented in Exhibit A-1. As indicated therein, the Net Debt increased by \$2,600.85 in 1969.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

*Comparative Statements of Appropriations & Expenditures –
Estimated & Actual Revenues: (Exhibits A-3 & A-4)*

Comparative statements of appropriations and expenditures estimated and actual revenues for the fiscal year ended December 31, 1969, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary, (Exhibit A-4), a net overdraft of appropriations of \$6,690.20, less a revenue surplus of \$2,089.35 resulted in a net budget deficit of \$4,600.85.

*Summary Statement of Receipts & Expenditures:
(Exhibit B-1)*

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1969, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1969, is indicated in Exhibit B-2.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of the verification notices.

*General Comments**Current (Deficit):*

The current deficit (excess of current liabilities over total assets) increased by \$4,600.85, from \$2,902.26 to \$7,503.11 in 1969, as shown herewith:

	12/31/68	12/31/69
<i>Total Assets</i>	\$38,619.84	\$73,661.99
<i>Current Liabilities</i>	41,522.10	81,165.10
<i>Current (Deficit)</i>	\$2,902.26	\$7,503.11

Unredeemed Taxes:

We noted in our audit report last year that there were unredeemed taxes from the tax sales on account of the tax levies of 1965 and prior years amounting to \$129.50 that should be deeded to the Town. Also at the end of 1969, there was \$67.88 of unredeemed taxes from the tax levy of 1966 which should be deeded to the Town at once.

Treasurer's Bond:

The Treasurer's surety bond should be increased to \$16,000.00.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Bridgewater for their assistance during the course of the audit.

Board of Selectmen
Town of Bridgewater
New Hampshire

Gentlemen:

Enclosed please find copies of previous years Town Road Aid and Duncan Fund applications and accomplishment reports, if reports are available, for your town file.

Listed below is a statement of 1969 TRA expenditures:

Balance from 1968-1969 funds	\$ 1,683.88
Town and State apportionment 7/1/69	4,035.95
	<hr/>
Total	\$ 5,719.83
Expended 1969 season	\$ 3,397.87
	<hr/>
Balance 1/15/70	\$ 2,321.96

In my letter to you a year ago I included a paragraph regarding proper maintenance by the Town, of highways previously constructed with TRA funds. May I quote a portion of Chapter 241:6 found in "Extracts From Public Laws Relating to Highways, Bridges, Etc.," regarding Town Road Construction Aid. "The Commissioner may reject any application made hereunder if (a) he is dissatisfied with the maintenance of previously improved Class IV or Class V highways in the applicant city, town or unincorporated place, (b) he disapproves the location upon which the funds applied for are to be expended."

Each year when I present TRA applications for approval, I am asked if all towns are properly maintaining previously constructed TRA projects. Occasionally I have a feeling that I am stretching the truth slightly when I answer in the affirmative. Will you help to keep me honest? Go into a huddle with the road agent and point out to him the importance of adequate maintenance. You will be accomplishing a good Town service and conforming with the TRA law.

As you know, April is TRA application month. Will you start giving some thought to project locations?

Very truly yours

CHARLES H. SLEEPER
Maintenance Supervisor

To the Trustees:

The number of books loaned to the River Road School children continues to decrease as the school library improves, and a grade (this year the fifth) goes to New Hampton. An important part of our service is to supply material to enrich the regular curriculum studies, such as New Hampshire material - nature study - biographies - poetry.

Our space for books has reached the saturation point, so no new books have been purchased this year. It has been decided to store most of the books for Junior High and High School age to make room for more volumes at the elementary school level.

Respectfully submitted

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

Fire Permit

A *fire permit* is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a.m. and after 5:00 p.m.*

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly

that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.

3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smoke in 1970.
